

AUCTION PRICE REPORT FOR
JANUARY 8, 2005

After a week of warmer temps, we had several small snow storms the week of the auction--the last one came unannounced on early auction morning with another 4-5" of new snow. Things were white everywhere! Thanks to all the buyers and sellers who drove on less than perfect roads to get here for the auction!

We had almost 500 new and used snowmobiles, atv's, and trailers for the auction. 8 out of every 10 SOLD to the HIGHEST BIDDER! Nice selection of snowmobiles and trailers--there were 260 sellers from 8 states, as far away as Alaska.

There were over 1300 buyers from 13 states and Canada--as far away as Colorado, New Hampshire, New York, South Dakota, West Virginia and Minnesota!

This auction report is provided for the private use of our friends, customers, and dealers. The items that SOLD in the auction have a S in front of them. The price listed is what the item SOLD for. The items that did not sell have a N in front of them. The price listed is the highest bid recieved on that item. Trailers are listed at the end of this report. This auction report can not be reproduced or used for any other purpose without our expressed written permission. All rights reserved.

PS. please send MORE snow.....
